INVENTORSHIP

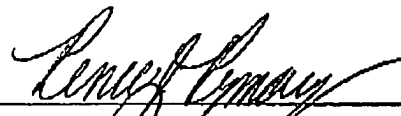

9. This application as amended names as inventors the same inventors as previously designated for the claims.

EXAMINER'S NOTE IN ADVISORY ACTION

10. In response to the Examiner's note related to applicants argument regarding the "effective amount" not being persuasive, as is referenced in the Office Action after Final, the Examiner's attention is directed to M.P.E.P. § 2173.05(c) where it clearly states that "The common phrase "an effective amount" may ... not be indefinite. The proper test is whether or not one skilled in the art could determine specific values for the amount based on the disclosure. See *In re Mattison*, 509 F.2d 563, 184 USPQ 484 (CCPA 1975). ...cases have tended to accept a limitation such as "an effect amount" as being definite when read in light of the supporting disclosure and in the absence of any prior art which would give rise to uncertainty about the scope of the claim. In *Ex parte Skuballa*, 12 USPQ2d 1570 (Bd. Pat. App. & Inter. 1989). ..." Clearly, when read in light of the supporting disclosure, which is found in paragraph 25 of the present application, one of ordinary skill in the art would readily understand the scope of such terms. Additionally, the examples would support such definite scope.
